

active skills for reading pdf

Active listening is a technique that is used in counseling, training, and solving disputes or conflicts .It requires that the listener fully concentrate, understand, respond and then remember what is being said. This is opposed to reflective listening where the listener repeats back to the speaker what they have just heard to confirm understanding of both parties.

Literative - Teaching Children to Read

During its infancy, a child instinctively builds a vocabulary. Infants imitate words that they hear and then associate those words with objects and actions. This is the listening vocabulary. The speaking vocabulary follows, as a child's thoughts become more reliant on his/her ability to self-express without relying on gestures or babbling. Once the reading and writing vocabularies start to ...
