### **america transformed globalization inequality pdf**

This part of the globalissues.org web site looks into some of the causes of poverty around the world. Issues covered include inequality; the relationship between the rich and poor; corruption; the roles of the IMF, World Bank, debt, the United Nations, United States, Britain and other wealthy countries

### **Poverty Around The World – Global Issues**

Economic globalization is one of the three main dimensions of globalization commonly found in academic literature, with the two others being political globalization and cultural globalization, as well as the general term of globalization. Economic globalization refers to the widespread international movement of goods, capital, services, technology and information.

### **Economic globalization - Wikipedia**

Economic inequality covers a wide variety of topics. It can refer to either income distribution (measuring the amount of money people are paid) or the distribution of wealth (the amount of wealth people own). Besides economic inequality between countries or states, there are important types of economic inequality between different groups of people.
