The current congestion charge zone covers the area within the London Inner Ring Road which includes both the City of London, which is the main financial district, and also the West End, which is London's primary commercial and entertainment centre. Although primarily a commercial area, there are also 136,000 residents, out of a total Greater London population of almost 9,000,000.

An electric vehicle network is an infrastructure system of charging stations and battery swap station to recharge electric vehicles. Many government, car manufacturers, and charging infrastructure providers sought to create networks. As of December 2016, Estonia remained the only country to have completed a nationwide public electric charging network.
