A healthy and diverse ecosystem is important for clean air and water, soil stability and provides critical food and shelter for wildlife. Whether adding a few native plants to your landscape or substituting them in for exotic species, there are many benefits to going native!

Go Native! - Ohio Department of Natural Resources

Native plants are the foundation of an ecological landscape that supports life and attracts birds, butterflies and pollinators. For a sustainable planting and the full ecological benefits that natives offer, choose plants that are adapted to and will thrive in the growing conditions where they will be planted.
