In the history of Europe, the Middle Ages (or Medieval period) lasted from the 5th to the 15th century. It began with the fall of the Western Roman Empire and merged into the Renaissance and the Age of Discovery. The Middle Ages is the middle period of the three traditional divisions of Western history: classical antiquity, the medieval period, and the modern period.

The purpose of this study was to investigate how to facilitate learners' engagement and persistence in massive open online courses (MOOCs). Specifically, this study used structural equation modeling to examine the structural relationships among academic self-efficacy, teaching presence, perceived usefulness, and perceived ease of use, learning engagement, and learning persistence in MOOCs.

Learning Engagement and Persistence in Massive Open Online

Screen media are increasingly common in young children's life. It is therefore essential to understand the impact of specific technologies such as tablets or e-books for literacy and the best ways to include these technologies in children's routine at home, in childcare or in the classroom.
