

computer mediated communication linguistic pdf

Computer-mediated communication (CMC) is defined as any human communication that occurs through the use of two or more electronic devices. While the term has traditionally referred to those communications that occur via computer-mediated formats (e.g., instant messaging, email, chat rooms, online forums, social network services), it has also been applied to other forms of text-based ...

Computer-mediated communication - Wikipedia

It is by now a truism that computer-mediated communication (CMC) "defined here as predominantly text-based human-human interaction mediated by networked computers or mobile telephony" provides an abundance of data on human behavior and language use.

A Faceted Classification Scheme for Computer-Mediated

Educational technology is "the study and ethical practice of facilitating learning and improving performance by creating, using, and managing appropriate technological processes and resources".. Educational technology is the use of both physical hardware and educational theoretic. It encompasses several domains including learning theory, computer-based training, online learning, and where ...
