Midwifery is the health science and health profession that deals with pregnancy, childbirth, and the postpartum period (including care of the newborn), in addition to the sexual and reproductive health of women throughout their lives. In many countries, midwifery is a medical profession (special for its independent and direct specialized education; should not be confused with the medical ...

Midwifery - Wikipedia

A midwife is a health professional specializing in pregnancy, childbirth, postpartum, women's sexual and reproductive health (including annual gynecological exams, family planning, menopausal care and others), and newborn care. Their education and training in midwifery equips them to recognise the variations of normal progress of labor, and understand how to deal with deviations from normal.
