

fundamental technologies of the pdf

Fundamental Technologies, LLC (FTECS) provides effective and efficient technology solutions to business and science problems. While our primary focus over the years has been space science, FTECS personnel are -- first and foremost -- problem solvers.

Fundamental Technologies, LLC

a fundamental problem for many engineers and scientists. Even if the immediate problem is not electrical, the basic parameters of interest are often changed into electrical signals by means of transducers. Common transducers include accelerometers and load cells in mechanical work, EEG electrodes and blood pressure probes in biology and medicine, and
