Definition and Forms of contracts The law of contract is concerned about the legal enforceability of promises. In that context, a contract may be described as an agreement that the law (the Courts) will enforce. This notion of enforceability is central to contract law. If you break (breach) the contract, the other party has several legal remedies.

understanding of contract law became the preserve of lawyers. This was contrary to the original aim for the Code to be a set of rules written in a clear style and intelligible by lawyers and non-lawyers alike. Its complexity was compounded by new parts of the law of contract being developed outside of the Code.
