More comprehensive resilience training programs. Although far more research is needed to determine their efficacy, examples of resilience training programs that employ several of the above cognitive behavioral and emotion regulation strategies include hardiness training ( 18 ), The Penn Resiliency Program ( 20 ), and the military's Battlemind or Comprehensive Soldier Fitness program ( 21 ).

### **The Science of Resilience: Implications for the Prevention**

the foundation of resilience. 2 Resilience results from a dynamic interaction between internal predispositions and external experiences. Children who do well in the face of significant hardship typically show some degree of natural resistance to adversity and strong relationships with the important adults in their family and community.

### **InBrief-The Science of Resilience**

Resilience, therefore, is the result of a combination of protective factors. Neither individual characteristics nor social environments alone are likely to produce positive outcomes for children who experience prolonged periods of toxic stress.

Integrating the Science of Resilience in Schools: 5 Lesson Plans. As mentioned earlier, school is an excellent place to begin building resilience. While parents can and should help their children develop resilience, a classroom setting with their peers and a qualified teacher guiding the way can be an excellent place to learn. A few resources for resilience lesson planning are noted below.

Resilience, however, also chronicles the dawn of a ... education and social welfare are using cutting-edge science and field-tested therapies to protect children from the insidious effects of toxic stress and the dark legacy of a ...

### **The Facilitator's Guide to Resilience**

Science shows that children who do well despite serious hardship have had at least one stable and committed relationship with a supportive adult. These relationships buffer children from developmental disruption and help them develop "resilience" or the set of skills needed to respond to adversity and thrive.
