

sign language interpreting in pdf

When sign language is the preferred form of communication, the services of a sign language interpreter may be arranged for the student as a reasonable and useful classroom accommodation to help the student learn and understand course content.

Sign Language Interpreting - Ohio State University

Sign language interpreting makes communication possible between people who are deaf or hard of hearing and people who can hear. Interpreting is a complex process that requires a high degree of linguistic, cognitive and technical skills in both English and American Sign Language (ASL). Sign lan-

fluency in sign language and in the language being spoken (English, Spanish, etc.), adherence to the Code of Ethics, and knowledge of Catholic and religious vocabulary and signs.

Policy for Working with Sign Language Interpreters in

effective, interpreters must have fluency in both languages. ASL interpreting occurs in two ways: simultaneously and consecutively. According to the Registry of Interpreters for the Deaf (RID), simultaneous interpreting requires interpreters to listen and sign, or watch and speak, at the same time.
