The American Sociological Association's (ASA's) Code of Ethics sets forth the principles and ethical standards that underlie sociologists' professional responsibilities and conduct. These principles and standards should be used as guidelines when examining everyday professional activities.

Code of Ethics - American Sociological Association

Social ethics increasingly incorporates resources from economic, environmental, political, and social sciences as well as other theological sciences, most notably Scripture and spirituality. 17 Janet Ruffing makes a significant

SOCIAL ETHICS - cdn.theologicalstudies.net

What would a developed sociology of the moral constitution of society look like? It would firstly have to be empirical and not philosophical; secondly it would have to produce an 'irritant' and thus a communicative learning process within sociology itself. The necessary condition for this is the interdiction of self-exemption.

The Sociology of the Moral and Ethics - Niklas Luhmann, 1996

Of all published articles, the following were the most read within the past 12 months

On the Relation Between Sociology and Ethics | American

The effort to give some social choices preference over other alternatives is what we call 'ethics'. Society is an ongoing effort to increase the probability of some choices occurring over others. Thus, sociology cannot but be inquiry into the ways in which ethical rules are constructed .
