

supernatural religion an inquiry pdf

The concept of the supernatural encompasses anything that is inexplicable by scientific understanding of the laws of nature but nevertheless argued by believers to exist. Examples include immaterial beings such as angels, gods and spirits, and claimed human abilities like magic, telekinesis and extrasensory perception.. Historically, supernatural entities have been invoked to explain phenomena ...

A miracle is an event not explicable by natural or scientific laws. Such an event may be attributed to a supernatural being (especially a deity), magic, a miracle worker, a saint, or a religious leader.. Informally, the word miracle is often used to characterise any beneficial event that is statistically unlikely but not contrary to the laws of nature, such as surviving a natural disaster, or ...
