In physical anthropology the term is one of the three general racial classifications of humans – Caucasoid, Mongoloid and Negroid. Under this classification scheme, humans are divisible into broad sub-groups based on phenotypic characteristics such as cranial and skeletal morphology. Later iterations of the terminology, such as Carleton S. Coon's Origin of Races, placed this theory in an ...

The word penguin first appears in the 16th century as a synonym for great auk. When European explorers discovered what are today known as penguins in the Southern Hemisphere, they noticed their similar appearance to the great auk of the Northern Hemisphere, and named them after this bird, although they are not closely related.. The etymology of the word penguin is still debated.
