Worms Armageddon is a 2D artillery turn-based tactics video game developed by Team17 and part of the Worms series. The player controls a team of up to eight worms in combat against opposing teams either AI- or player-controlled, using weapons both based on real-life weapons and ones that are cartoonish. The player can customize battles, teams, and maps for near-infinite gameplay options.

This is a list of fictional worms, categorized by the media they appear in. For the purpose of this list, "worm" does not simply refer to earthworms, but also to mythological and fantastic creatures whose description as a "worm" descends from the Old English word *wyrm*, a poetic term for a legless serpent or dragon
