Booked a three week trip to Tenerife to explore the music scene. Now at the end of my second week, this week in Puerto de la Cruz, I learned through miles of walking and speaking with locals that 90% of the places suggested have either not had live music for years, closed down a long time ago, or never existed in the cities in which they were listed.

A 2007 study by Popular Mechanics found passengers sitting at the back of a plane are 40% more likely to survive a crash than those sitting in the front. Although this article quotes Boeing, the FAA and a website on aircraft safety, all claim there is no "safest" seat. The article studied 20 crashes, not taking into account the developments in safety after those accidents.
